ARE YOU TIRED OF SCANNING RESUME AFTER
RESUME, LOOKING FOR THE PERFECT
CANDIDATE FOR YOUR
OPEN POSITION?

WILL READING ONE MORE
BORING
COVER LETTER MAKE YOU
WANT TO TOSS YOUR
LAPTOP OUT THE WINDOW?

THIS
SUCKS!

The solution is here!

**ACT
NOW!**

Introducing Lisa Trevis®, a front-end web developer and designer who can tackle the challenges of vanilla JavaScript with speed and accuracy, AND make everything look super awesome with mad HTML5, CSS3 & design skills!

Lisa Trevis® is also GitHub compatible with the included terminal/command line attachment, and comes with her very own Portfolio website and CodePen, too! Excited? But wait, there's MORE! We'll throw in the Adobe Creative Cloud apps (Photoshop, Illustrator, Dreamweaver & InDesign), Canva, Prototyping, Wireframing, Responsive Design, SEO, Wix, Wordpress, & Bootstrap FOR FREE!

As ANOTHER bonus, we'll include ongoing skill upgrades in any application, language, library or framework you require, powered by the Lisa Trevis® Inquisitive Learner Chip (patent pending)!

But you must ACT NOW! Quantities are limited. Don't let the chance to hire your very own Lisa Trevis® pass you by!
